

# UA Local 434 Training Spring 2019 Newsletter

Dear Members of Local 434,

Enclosed is the new training schedule for the Spring Semester of 2019. Log on to our website at [www.ualocal434.org](http://www.ualocal434.org) to view the schedule and sign up for classes. If you are unable to log in please contact us. We have a Facebook page, so if you have one, please "LIKE" our Facebook page - UA LOCAL 434 TRAINING. We will have class updates and other info posted often. Go to <https://uanet.org> for information on your certifications and online UA course offerings such as an AWS-CWI Prep Course, Auto CAD, Labor History and service related courses (Electrical Controls/Refrigeration Controls/HVACR Star Exam) among others. Please see below for some other highlights this semester:

- **Course Sign Up –**
  - YOU MUST SIGN UP TWO WEEKS PRIOR TO THE START OF CLASS (We need to have time to have materials available for you at the start of class.) Sign up at [www.ualocal434.org](http://www.ualocal434.org).
  - Classes will be cancelled one week prior to the start of class if not enough members are signed up.
  - Expect all classes to utilize Blackboard in some way.
- **Welding Classes/Manuals**
  - Pre-requisite - All apprentices must complete *Local 434 Oxy Fuel Safety Practices*. All members are encouraged to take this class.
  - You will be keeping track of your own welding progression in the manual you receive at your 1<sup>st</sup> welding class.
  - You will not be placed on a roster until you have completed the Local 434 Torch and Welding Safety Class **and** sent in your deposit check. You must complete this class at least one week prior to the welding class start date.
    - Make check payable to: UA Local 434 Training and mail to the Eau Claire Training Center.
  - If you need to drop a welding class that you have signed up for, you must go to the website to cancel your registration at least one week in advance in order to get your deposit check back. If you don't, your deposit check will be cashed.
  - In order to take a UA Weld Test, an ATR will need to approve you.
- **GTAW (TIG) Welding Class**
  - **Pre-requisite** – Apprentices need to be completed with their SMAW bend test. Journeyman are recommended to have this skill.
  - **Any questions?** – Contact Gary Korn
- **UA CAD Self Study** – This is a self-study/self-paced independent study class on Auto Cad, Revit and other Auto Desk products. This class is designed to help the beginner to the advanced person with any Auto Desk Programs thru step by step videos.
- **NITC Medical Gas Re-Certification 4 Hour Class**
  - **You will not be allowed to take your re-certification test without taking this class.**
  - Effective July 1, 2018 National ITC is requiring a 4 hour class prior to taking your NFPA 99C Medical Gas Recertification Exam. We encourage you to take the class when it is offered, even if your certification doesn't expire for a while. You can take a refresher, if needed, prior to your exam.
- **Transition to Trainer** – Classes will be held at least once per year in each Training center. Apprentices will no longer be reimbursed for taking this class at a Technical College.
- **Coyne First Aid – Re-Certification**
  - In order to re-certify please register for the re-certification online at least 4 weeks prior to your expiration date.
- **NCCCO Crane Signaling Certification and Re-Certification**
  - You must sign up 4 weeks in advance. Tests need to be applied for from NCCCO.
  - If your certification will be expiring in the next year, you will need to retake the practical exam to re-new your certification.
  - If you expire in the next year, you can take the class/test now, and your certification month and day won't change. (Only the year will be updated.)
- **Course Overlaps**
  - Many classes run on the same nights, before you enroll please check the dates of classes to be sure they don't run on the same nights.
- **Instructors Needed** (we would like 2 instructors for each class in each area, so that substitute teachers are available.)
  - HVAC Instructors needed in All Locations
  - Rigging Instructor and Med Gas Instructor needed in La Crosse
  - Please contact me if you are able to help with any classes in any location
- **Apprentice Wage Advancements**
  - Make sure that Heather has a copy of your current wage advancement, so that our data base is accurate, and if you are sent to a new employer then the correct rate is given. Also, make sure your current employer has your correct rate.

Thank you,

Gary Korn - UA Local 434 Training Coordinator Phone: 715 692-4341 ext. 32
